

Secretary Report

The newsletter is back in action. The first issue for the year was emailed out in August. The next issue will go out in January and, among other things, will include information about next year's conference at Furman as well as open faculty positions that have been submitted to CCA to be advertised. Moving forward, the newsletter will be disseminated every August and January.

Resolutions have been written and will be posted. As Secretary, I will ensure the letters reach the appropriate administrators. We thank the CCA officers for their service to the organization over the past year; Jenni, Savannah, their team of students, and UNCG for hosting this conference and their amazing work with planning and implementation.
